#### FOREWORD

This book is merely a collection of diversified facts which are to be found in a number of different places, and are collected together in this small volume in order to help you to become better acquainted with the history traditions, and general life of the University of which you are to become a part.

We, the editors of the "M" book of the University, hope that the material that we have gathered may in some small way help you to acquire a better understanding of your new life here.

Of advice, you will find little, but what we do give we feel should be properly heeded in order that you may benefit by the mistakes that we who have gone before you have made.

You are now on your own, make the most of it, and in any difficulty that you may find yourself, the editors of this book stand ready to help you.

Make the most of these next four years, and beware of the most common malady of young collegians, Procrastination.

#### DEDICATION

In recognition of his friendly interest and whole-hearted cooperation in promoting the welfare of the various publications of the University of Maryland, this, the 1936-1937 "M" Book, is affectionately dedicated to a newspaperman, a scholar, and a gentleman,

WILLIAM H. (BILL) HOTTEL, Faculty Adviser of Publications, University of Maryland.

H. C. BYRD

#### MESSAGE FOR THE "M" BOOK

Dear Marylanders:

Old students know, without need of welcoming words, that we are glad to see them back. On them we depend, in great part, to convey our real greeting to the newcomers among us. Freshmen have yet to learn that the University of Maryland is going to be home to them, and it is the duty of the old students to help make the University a home of wide opportunities, socially, intellectually, morally, and physically.

To the newcomers to the campus, we tell you that we shall share our opportunities with you. We want to help you, and you have only to let us know when help is needed.

You will have some adjustments to make, but will find them much more easy than you expect. Your own good judgment, eventually, should see you through any problem you are likely to encounter. Talk things over with any of us. We are all glad to lend a helping hand.

Personally, my office door is open to you always.

Sincerely yours,

H. C. BYRD, Acting-President.

DEAN ADELE STAMP

#### Greetings to New and Old Students:

Whether you have four years or only one remaining in your college career, make this one count! May I urge the new students to take part in extra-curricular activities but may I also warn you to choose them wisely and not enter into too many things. Make your college life a well-rounded one because in that way do you best prepare yourself for a well-rounded and purposeful life.

May this year be filled with pleasant memories and may it contribute much to the preparation for your future career.

Sincerely yours,

ADELE H. STAMP,

Dean of Women.

#### HISTORY

Perhaps the best and most graphic illustration of the remarkable progress the University of Maryland has made since its founding in 1807 is found on the College Park campus in the old Mechanical Engineering Building, the first building in the State devoted to the teaching of engineering. Erected in 1895, this building today forms a section only of the Engineering group, which includes a small auditorium, seating 250 persons, with other buildings to house electrical engineering, civil and mechanical engineering, their laboratories and equipment, and with the original building housing only a shop, and a few classrooms, The advances made since its construction in 1895 are commensurate with the progress of the entire University.

The present University of Maryland was, originally, two separate institutions, the University of Maryland, founded in 1807 under the name of the College of Medicine of Maryland, and the Maryland State College, founded in 1856 at College Park as the Maryland Agri-

cultural College.

The College of Medicine of Maryland was first located at Lombard and Greene Streets, in Baltimore, and the building which was erected to house it in 1814-15 is the oldest structure in America devoted to the teaching

of medicine.

In 1812, the General Assembly of Maryland authorized the College of Medicine of Maryland to "annex or constitute faculties of divinity, law, and arts and sciences," these to form an institution to be known as the University of Maryland. In 1813, a move was made to establish the "faculty of law," and, in 1823, a school of law was opened. Subsequently, a College of Dentistry, a School of Pharmacy, and a School of Nursing were added. The first-named is the oldest Dental College in the world.

In 1856 was established the Maryland Agricultural College, which later became the Land Grant College of Maryland. It was conducted for a number of years as a private institution, but financial disasters and the general depression which followed the Civil War made it necessary for the College to appeal to the State Legislature in 1866 for assistance. In 1916 a new charter was granted to it as Maryland State College and the State took complete control. An act of the Legislature in 1920 united the old University of Maryland with the Maryland State College, to form the present University of Maryland with branches in Baltimore and College Park.

Five new buildings have been erected within the past three years and two more have just been completed. Enrollment since 1912 has

jumped from 130 to 2,000.

Increased facilities are likewise noted in Baltimore, with a splendid new \$1,500,000 hospital recently completed, a new law building opened two years ago, and a new dentistry and pharmacy building but recently put into use. Enrollment in the Baltimore branch of the University averages about 1.600.

## THE UNIVERSITY AND STUDENT ACTIVITIES

Student activities in the University are not actually regulated, but the student organizations are responsible to a faculty committee for any action that might reflect on the institution. This body, the Student Relations Committee, rules on matters affecting the general welfare of the students and their Alma Mater, subject to the approval of the President.

#### Eligibility to Represent the University

No student organization can be formed without the consent of the committee. Without such consent and approval no organization which in any way represents the University before the public, or which purports to be a University organization or organization of University students, may use the name of the University in connection with its own name, or in connection with its members as students,

Only students in good standing are eligible to represent the University in extra-curricular contests. No student while on probation may represent the University in such events as athletic contests, glee club concerts, dramatic performances, and debates.

#### Discipline

In the government of the University, the President and faculty rely chiefly upon the sense of responsibility of the students. The student who pursues his studies diligently, attends classes regularly, lives honorably, and maintains good behavior, meets this responsibility. In the interest of the general welfare of the University, those who fail to maintain these standards are eliminated. Students are under the direct supervision of the University only when on the campus, but they are responsible to the University for their conduct wherever they may be.

#### RELIGIOUS WORK COUNCIL

The religious work carried on at the University is supervised by the Religious Work Council. The Council is composed of the student pastors, and representatives of all the religious clubs, of the faculty, and of the student body as a whole.

Religious speakers are obtained for special occasions. Every student is given the opportunity to worship on the campus, either in a service embodying all faiths, or in a club of

his own denomination.

The Council works in close co-operation with the Maryland Christian Association and the Committee on Non-Resident Lecturers.

#### STUDENT PASTORS

Most of the major religious denominations at Maryland have Student Pastors who minister especially to the students of their denomination. The Student Pastors have an office in the Student Center, where each has his office hours during the week. The Baptist, Episcopalian, Presbyterian, and Lutheran students have denominational clubs which meet regularly during the year.

#### PARKING REGULATIONS

The Automobile Parking Regulations are for the purpose of protecting the appearance of our campus as well as for personal safety and convenience. These regulations, which have been in operation for several years, have been found very beneficial to our campus. The following are the regulations proposed by our Campus Parking Committee and approved

by the Administration:

Automobiles MUST NOT be parked or STOPPED on any of the campus roads except to take on or discharge passengers. Hanging on cars is not permitted. Fast driving and rounding curves at a speed greater than fifteen (15) miles per hour is prohibited. Blowing horns in front of buildings disturbs class activities and is prohibited at all times. Driving off campus roads on grass is positively forbidden. Students must not park in Visitors' Spaces located near the Dining Hall and in front of the Agriculture Building.

University Lane has been made a through traffic boulevard and parking parallel there-

with has been discontinued.

Spaces to be used by students for the parking of automobiles are:

Women: Parking area north of University Lane and adjacent to the walk leading to Gerneaux Hall, except spaces 200 to 240 inclusive and 272 to 310 inclusive. Men students are not permitted to park in this area.

Men: Parking area near Calvert and Silvester Halls, except spaces 482 to 499 inclusive. Parking area between the Gymnasium and Silvester Hall. Parking area at Gymnasium, except spaces marked, "Reserved".

Officers of the Maryland State Police have been detailed to assist in maintaining these regulations, which are essential for maintenance of property, convenience, and personal safety. ANY STUDENT WHO FAILS TO OBSERVE THESE REGULATIONS, MAY BE DEPRIVED OF THE USE OF HIS CAR AND DRIVING PRIVILEGES ON THE CAMPUS, CONTINUED VIOLATION MAY MEAN SUSPENSION FROM THE UNIVERSITY.

The RESPONSIBILITY FOR PARKED AUTOMOBILES RESTS WITH THE CAR OWNER. For further information inquire at the Office of the Superintendent of Buildings and Grounds, Room 18, basement of Agriculture Building.

# GREETINGS TO THE INCOMING FRESHMEN

On behalf of the student body of this, your University, I extend to you a most cordial welcome. I am sure that in a very short time you will feel entirely at home here with us.

On entering college this fall, you are taking a very important step which is a vital factor in your career. Your one responsibility toward your own future is to make the most of the present. Here there is an opportunity to do just that.

A great deal of the success of these next four years for you depends on your start. Pursue a policy of give and take with your professors and fellow students, be friendly on the campus and have confidence in your ability to carry out your tasks. If you tackle all your problems, whether they are scholastic, social, athletic, or personal, with a will to do, you then will succeed.

My services are yours in any of your endeavors.

Sincerely,

LOUIS A. ENNIS, President of S. G. A.

#### STUDENT GOVERNMENT ASSOCIATION

Student government at Maryland has attained unusual heights in efficiency and organization during the past year with the University administration adopting a broad and elastic policy in permitting students to practice self-government as far as is practicable. Final jurisdiction is, of course, vested in the President of the University.

The presidency of the Student Government Association is the highest position open to an undergraduate and one of utmost responsibility. The Student Government has as component parts, a men's unit and a women's unit, each to consider its respective problems and the Executive Council, composed of a cross section of student leaders. The Executive Council has final jurisdiction as far as the student governing is concerned. The Student Relations Committee, a faculty body appointed by the President of the University, which acting for him approves all major actions and formations of student organizations.

The Vice-President of the Student Government Association is Chairman of the Executive Council, which enables the President of the Association to act as a voting member and thus more adequately facilitate legislation and maintain the Parliamentary procedure of the sessions.

Meetings of these organizations are held twice each month or on special occasions at the direction of the President of the S. G. A. All meetings are closed to the public.

All student activities under the Association are financed by one of the most complete subsidization plans in university or college circles in the country. The activities fee of \$10 paid by each student upon entrance to the Univer-

sity is apportioned between publications, dramatics, debate, opera, and the host of similar functions on a percentage basis, with the result that each undergraduate realizes returns on his investment far in excess of the original fee. Thus, admittance to all dramatic and operatic performances is free, all publications are distributed, without charge, to those who have paid the fee, and similar benefits, which might otherwise occasion financial difficulties, are obtained without hardship to the student.

### ARTICLE XIV.

The President of Student Government shall appoint one member of the council to represent the interests of one of each of the subsidized organizations of the Student Government Association.

# HANDLING OF FINANCES OF STUDENT ORGANIZATIONS

In the spring of 1930, the Student Government Association passed a resolution to charge each student a general activities fee of ten dollars (\$10.00) per year, which fee included payment of his class dues and subscription to The Diamondback, The Old Line, and The Terrapin. In 1931 the Student Band, and the

Footlight Club were added to this group, and each student receives in return tickets to two performances of the Footlight Club. Debate was added in 1933, and further subsidized in 1934. A combined Glee Club was also added

in 1934.

The money received is prorated among the aforementioned organizations, according to a percentage schedule arranged by the Student Government Association. The accounts of these organizations and all of the general student organizations, including The Rossbourg Club, Scabbard and Blade, and the Maryland Christian Association, are grouped in one account and are under the supervision of a Faculty Adviser, and the Assistant of Student Activities. At the beginning of each school year, each organization submits a budget for approval, and then writes an order for each expenditure to be made. This is checked against the budget items and, if sufficient funds are available, is approved by the Faculty Adviser. Various firms with which the students deal have been notified that the Student Government Association is not responsible for any contracted debts for which an order has not been issued. Any student or individual contracting debts without an order is personally responsible.

Records, which are always open for inspection, are kept at the Central Office for each organization. Besides, each organization treasurer keeps his own set of books, which serves as a check upon the Central Office. The bills are vouchered, and the accounts are audited by the State Auditor at the end of the year. In the first issue of The Diamondback of the school year, a full statement is issued of all accounts handled by the Central Office during the previous year. A check, which climinates a great deal of misunderstanding, is also maintained for the students upon the sale of tickets for such functions as those held by Footlight Club, and the Rossbourg Club.

Activities

### ASSISTANT IN STUDENT ACTIVITIES

Hoping to assist the various campus organizations in coordinating their efforts and to aid in the continuity of their work from year to year, the Administration in 1933 created the office of Assistant in Student Activities. Ralph I. Williams, who had just graduated the previous June, and who during his senior year was President of the Student Government Association, was selected to take charge of this new activity.

Under Williams' tutelage, and through the splendid cooperation rendered by the student body, this new organization has proven to be an important cog in all activities of student affairs. Organizations now use this office as their central unit, and it is here that records are kept of all campus groups. Debate schedules as well as the disbursement of Debate funds are now arranged in this office. During the middle of the year the job of compiling a complete personnel file of the entire student body was successfully undertaken by, and will continue to be a regular task of this office.

A new responsibility was assumed last fall when Williams began the task of aiding students to find employment, other than in the University's Departments.

### STUDENT CENTER

The building occupied at present by the Maryland Christian Association and student publications is a forerunner of the Student Union Building which is to be erected before the University building program is many more years old.

The east wing of the Center is occupied by student publications—The Diamondback, The

Terrapin, and The Old Line. The entrance to these offices faces Calvert Hall.

Offices of Louis Ennis, President of the Student Government Association; and of Ralph Williams, Assistant in Student Activities, as well as that of the student pastors and Maryland Christian Association, are located in the center of the building. Access to these rooms may be had through the entrance in the main wing, facing the Library.

Reading and recreation rooms adjoin the offices and are available to all students. The current magazines and books on hand there will assist day students in whiling away a long lunch hour or a leisure moment.

Freshmen, especially, are invited to utilize the facilities offered in the Student Center and to confer on their problems with Mr. Williams.

### COMMITTEE ON STUDENT LIFE

A new advisory organization designed to assist and advise student leaders in the conduct of the many undergraduate activities has been formed under the title of the Committee on Student Life. This committee, which is composed of fifteen members of the faculty and Staff of the University, will function as a guiding influence for the student body and endeavor to give to its leaders the benefits of mature reasoning.

As Assistant in Student Activities, Ralph Williams, former President of the Student Government Association here, will carry out the policies suggested by the committee and bring them directly to the undergraduates, with whom he will be in constant contact.

Members of the committee are as follows: Geary Eppley, chairman; S. S. Steinberg,

Charles E. White, LeRoy Mackert, Dr. Charles B. Hale, Ray W. Carpenter, Harold F. Cotterman, William H. Hottel, George F. Pollock, Mrs. Claribel Welsh, Dr. Susan E. Harman, Miss Helen Wilcox, Dr. Yates, Mr. Phillips, and Mr. Hoshall.

- 3. Juniors and Seniors only are eligible.
- The candidate must have at least one major activity and several minor activities.
- Any candidate who has gained his office through fraternity politics or in any other fraudulent manner shall be considered ineligible for membership.

# CONCERNING EXTRA-CURRICULAR ACTIVITIES

No better advice can be given the freshman than to tell him to get into some extra-curricular activity just as soon as possible after he enters. The academic side of college life, while it most certainly should not be slighted, is not all of college; and to get the utmost benefit from the four years here at Maryland, the freshman should select his activity now and get to work on it at once.

Athletics, publications, dramatics, debating mention only a few—in all of these fields there is ample room for those who are willing to work. Special aptitude, though by no means a drawback, is not an absolute necessity. Beginners who are willing to devote the time and energy will find plenty of people ready to aid and teach them.

There are in school today many people who are kicking themselves because they did not take the trouble to go out for some activity in their freshman year. Athletes who found themselves too late, potential editors who lost out because they were too busy with society their first year—and many in other lines afford excellent examples of what will happen to those who "put off" entering into some extra-curricular activity.

So select your field now—and you will find it better in the end if you devote yourself solely to one—go out for it prepared and willing to work hard. And four years from now, campus leaders instead of nobodies, you will have no cause to regret the few extra hours of work during your first year.

### STUDENT PUBLICATIONS

Three student-edited and student-written publications—The Diamondback, weekly news-paper; The Terrapin, year-book, and The Old Line, bi-monthly comic magazine—are produced by University of Maryland undergraduates as official organs of the Student Govern-

ment Association.

The staffs of each of these publications are composed of students from freshman, sophomore, junior and senior classes, with the editors chosen, except in unusual circumstances, from members of the latter group. These editors are chosen by popular election each spring from a group of candidates selected by the outgoing editors and the Faculty Advisor of Student Publications. Eligibility for positions is determined by length of service, ability, and freshman and sophomore staff records.

Shortly after registration, a meeting of candidates for Student Publications is held under the supervision of the editors and business managers, and questionnaires are issued to determine the type of publication and department in which the applicants wish to work. No previous experience is necessary to become

members of a publications staff.

The Diamondback, weekly newspaper, is published every Monday and contains complete University news and official bulletins with which every student should be familiar. Opportunities are afforded undergraduates to secure much valuable experience in advertising and editorial lines. The Terrapin is published in June and contains a complete record of the University work for the year, together with summaries of spring sports results—a feature almost unique in college annuals. The Old Line appears six times each year, with prospects bright for increasing the number of issues until the magazine is established on a monthly basis.

Each undergraduate at Maryland is required to pay a blanket sum of \$10.00 on the day of registration. This provides for a year's subscription to the "Diamondback," the weekly published every Monday during the school year; year's subscription to the "Old Line," bi-monthly, published six times during the school year, and the "Terrapin," annual, which is issued about June 1st.

Major officers of the publications for the

year 1934-35 are:

All of these publications welcome tryouts for their respective staffs. Any student wishing to affiliate with one of them should consult some member of the staff which he or she wishes to join.

### DRAMATICS

Hampered somewhat by mediocre staging facilities, the Footlight Club, principal organization of campus thespians, has produced a

number of truly noteworthy plays during the

past six years.

Under the tutelage of Dr. Charles B. Hale, talented coach, the Footlighters have staged successfully an average of two plays a year, often presenting a third performance of one-act plays. Among the most recent vehicles were "The Royal Family," "Holiday," "The Dover Road," "Outward Bound," "Death Takes A Holiday," "Monsieur Beaucaire," and "Berkley Square."

This past year the Club presented a third three-act play sponsored by themselves which proved very successful. It is hoped that in, the near future the organization may be further subsidized in order that more dramatic talent may be properly trained to carry

on the work of the Footlight Club.

### GLEE CLUB

The Glee Club was organized last year to take the place of the Opera Club recently disbanded. The organization consists of a men's glee club and a women's chorus under the direction of Harlan Randall, director of music of the University. They had a very successful year with concerts from the stage of the Fox Theater, in Washington, and local radio appearances. They also took part in All-University Night, in addition to which numerous local recitals were given.

### DEBATE

The administration for a number of years has supported intercollegiate debating, recognizing this student activity as one of the most important activities from a cultural, educational, and practical training standpoint.

Two years ago "The Calvert Debate Club" was formed to better centralize the preparation and presentation of the debates on the regular schedule, and to discuss current topics of the day. Try-outs are held twice a year, during

the first month of each semester; all members of debate teams are selected from this club. Professor C. S. Richardson, Head of the Public Speaking Department, is chairman of the faculty committee which works in cooperation with the club as an advisory body to it. Schedules are arranged through the Student Activities Office. Besides debates on the campus and at nearby high schools, the men's and women's teams make several trips to colleges throughout the south and north.

### MARYLAND CHRISTIAN ASSOCIATION

The Maryland Christian Association at the University of Maryland is a voluntary fellowship of men and women, both student and faculty, who unite in the endeavor to find the highest values in living and to make them effective in daily life. It was formed in 1930 and its object is to achieve closer fellowship and co-operation, and to promote an all-campus program to meet student and faculty needs.

Each year the cabinet for men and women works out its own statement of purpose and its goals for the year, making a direct effort to meet the specific needs of the campus. Some of the features of its program are Freshman ('ommissions, Freshman Week Program, Student Sunday, Freshman Discussion Groups, Speakers, Vesper Services, Conferences. Fireside Forums, and Social Events.

#### Membership

Every student and faculty member who is in sympathy with the purpose of the Association is invited to join, and to unite with the other members in the search for individual and corporate life at its best. The voting membership consists of those who sign the statement of purpose, thus voluntarily declaring their desire and intention of seeking, in

close co-operation with all other members, the best possible life. For many in this fellow-ship the way is most clearly pointed by the life of Jesus

The affiliate membership is composed of those who take part in any way in the activities of the association. The program is designed to include and to serve all persons in the campus community, and all are invited to participate in such phases of it as they desire.

### Student Control

The plans and program are determined and promoted by the two Cabinets, with the advice and aid of the Advisory Board. Meetings are held monthly.

In all of their work, the Cabinets and Council have the advice and help of the faculty and student pastors.

### THE ROSSBOURG CLUB

The Rossbourg Club, founded in 1891, is Maryland's oldest and most prominent social organization. Its primary function is to give a number of informal dances, free to members. During the past few years it has shown very rapid growth, due principally to the fact that it has given the most successful dances Maryland has ever known.

# MARYLAND MANNERS OR THE MARY-LAND STANDARD

"Manners" and "etiquette" are words which are misused so much that many people, especially college people, look rather scornfully on any attempt at social improvement or to "get etiquette."

As a matter of fact, it is just as important to learn how to live properly, as to learn how to think properly. Many times, the man who is prepared mentally does not succeed, because he has no idea of how to live with his fellow man, both in business and in social relations. The brusque, non-social man who does succeed does so to the displeasure of others and lack of satisfaction to himself.

The University of Maryland graduate, above all, should be a perfect lady or gentleman from the practical standpoint. It is difficult to offer any training in this useful art in a university where the student is left on his own for such development.

As an aid to those desiring to raise the general standard of manners and to keep posted personally, the Women's League expects to publish a semi-humorous booklet on MARY-LAND MANNERS which, it is hoped, will be taken seriously and with good results.

A college education is not worth the immediate value in dollars and cents today, as in 1929. But the so-called culture and college background which some attain at college is worth more than ever before, and will mean the difference between the successful college graduate and the "also ran."

### TRADITIONS

With physical hazing definitely outlawed, the burden of maintaining the traditions of the University rests entirely with the Freshman Class. Many of the customs followed in years past have been discarded, but those that remain are believed the best to which first-year students have heretofore been subjected by force.

Perhaps the one outstanding Maryland tradition, and the one to which most attention has been drawn, is known as the "hello" habit—the habit of speaking cheerfully and respectfully to upperclassmen and visitors to the campus. You as freshmen will be favorably impressed by the friendly attitude which prevails among the undergraduates generally, and the spirit engendered by years of practice will go far toward making you feel "one of the gang" rather than a stranger. This tradition of friendliness is one which should be fostered at all costs.

Regulations governing the organization of the freshman class, together with a list of the traditions which have been continued and which must be observed by all first-year students, will be found in the By-Laws of the Student Government Association Constitution. It is advisable that you familiarize yourself with the contents of this Article immediately.

Each year a Sophomore-Freshman Struggle is held on the lower campus to determine whether or not freshmen will continue to wear caps; the numerals of the winning class are inscribed on the base of the Terrapin Memorial in front of the Ritchie Coliseum, a bronze replica of a diamondback terrapin which was presented to the University as a joint gift of the Class of 1933 and the Student Government Association.

#### WOMEN'S TRADITIONS

It is the wish of the women of the University of Maryland to help their incoming classimates to become acclimated to college life. For this purpose each one of the new students is adopted by an upperclassman as a "little sister." When she arrives on the campus she is greeted by her "big sister," who is ready to advise her about "the ropes." "Little sisters" are assigned by the Y.W.C.A. Cabinet.

Alpha Lambda Delta is the only freshman two monen's honor fraternity on the campus. It was founded at the University of Illinois in 1924, and the chapter at Maryland was established in 1932. Freshmen women with an average of 3.5 or over are eligible. Alpha Lambda Delta initiation takes place shortly after first semester marks are released.

Women who excel in scholarship, leadership, citizenship, and Christian character are eligible for Mortar Board, national women's senior honor society, in their senior year. Our chapter of Mortar Board was founded at the University of Maryland in 1934.

"Rabbit rules" are supposed to be abolished but there are certain rules made by the vigilance committee of the sophomore class which freshmen must obey. It is the custom during this period to obey the "hello" tradition, the habit of speaking cheerfully and respectfully to upperclassmen and visitors on the campus,

The Women's League is the governing body of the women. The officers of this body must be resident students. They are elected by the entire coed group. There are representatives to the League from each of the sorority houses, from the dormitories, and from the day students. It is the function of this body to make all rules governing women and to campus girls.

### ADVICE TO FRESHMEN

Probably the best advice that we can give to you as members of the Class of '39 is to tell you that it is up to you to find out what the University is going to mean to you, and what part you, collectively and individually, are going to play in the development of the University.

However, the following suggestions may help you in your own orientation:

Do not forget that you are a Marylander now. Your high school records or trophies will not build your reputation here.

Learn all of the school songs and yells. If the school spirit is not as good as you would like, remember that it never will be unless you keep up your enthusiasm for the next four years.

Wear your Frosh Caps and name tags. They will actually be an aid in cementing your class together and in introducing you to the student body.

Win the Freshman-Sophomore Contest; get your numerals on the Terrapin Memorial.

Start to work on your studies as soon as the gun goes off. The easiest subjects usually prove the hardest at examination time.

Divide your time wisely between studies, athletics, and extra-curricular activities. Too much time spent on any one will prove disastrons.

Attend all meetings of your class.

Be sure to speak to everyone you meet on the campus. Do your share in maintaining this tradition.

Do not crib. Even if you are lucky enough not to be expelled from school, the value of your education immediately ceases.

**Fraternities** 

### CONCERNING FRATERNITIES

The aim and dream of many a freshman is to attain membership in a great collegiate fraternity. To many, this dream means luxury of living, a sense of superiority, a good time among "brothers," and a shining pin to show the home folks.

A fraternity or sorority should mean much more. It should mean closer companionship with other men or women with similar ideals who are pledged to raise the moral, educational, and social standards of the group.

In a few weeks, many will have the opportunity to join one of these lodges. The opportunities for you to benefit from these affiliations

are numerous, but please keep in mind:

That your decision will probably have more effect on your future life than any you have ever made in the past.

That you are not an outcast if you do not receive the bid you wish, or any bid—you may be too intelligent instead of too backward to interest that particular organization.

That many of the potentially fine men have been completely buried in their fraternities.

That men in other fraternities may be worth cultivating or keeping as intimate friends. Some of your best friends in the Freshman Class will not be in your fraternity. Do not lose them.

That you are entitled to know the financial

set-up of any fraternity that rushes you.

That it is neither any credit to you nor to a fraternity to obligate yourself before the

official pledge day.

And that your success or failure does not rely on whether you make a fraternity or not, but on the initiative and perseverence you show in either situation. Some men are actually made by fraternal affiliation; others submerged or ruined. Choose your course carefully, remembering that after pledge day your battle to prove your real worth is only starting.

### INTERCOLLEGIATE SPORTS AT THE UNIVERSITY OF MARYLAND

The University of Maryland's position in intercollegiate athletics is unique. It has a reputation for clean athletics, yet has good teams, It has met opponents from the Mississippi to the Atlantic and from Harvard to Florida, yet has had no "break" or quarrel with any institution. It is on good terms with all. To win is not the chief aim, but to develop men. It is the policy of the University to stress the educational values in its sports.

Athletic facilities at Maryland are unexcelled by any other similar school in this section. The Ritchie Coliseum, built in 1932, and seating over 5,000 spectators, provides an ideal center for intercollegiate contests in basketball and boxing. Adjacent to the Coliseum is Byrd Stadium, where football, lacrosse and track events are held. In addition to these recreational centers there are two baseball diamonds, two lacrosse fields and a number of well-kept tennis courts. The Ritchie Gymnasium contains the headquarters of the intramural directors and the school of physical education.

In addition to the University's general athletic program there are three events of particular importance. These are Homecoming, All-University Night, and the Spring Field Day. The first of these is held in the fall of the year on the day of an outstanding football game and is in the nature of an alumni reunion. Dances, pep rallies, receptions, and other festivities serve to make it an outstanding event of the year.

All-University Night is held during the winter sports season. On this program an attempt is made to portray as many phases of student activity as possible. Basketball and boxing feature the program which includes singing, dancing, dramatics, gymnastics and other extra-curricular pursuits. First held in the winter of 1934 All-University Night has quickly become established as an annual affair.

Early in May the annual Spring Field Day is held. To this event the University invites all of the high schools and prep schools of the State and surrounding territory to send athletes to compete against each other in track and field events. Last year over 500 athletes took part in the meet. On the same day varsity teams representing the University in baseball, lacrosse, tennis and track meet opponents from outstanding neighboring colleges.

VARSITY FOOTBALL

(Coach, J. E. Faber)

Although the 1934 edition of Maryland's football squad was composed largely of sophomores, nevertheless, the Old Line gridmen chalked up a successful season despite the difficult schedule played.

With practically all of last year's players returning, an even more successful eleven is expected to represent the Black and Gold in the coming campaign.

Although inexperienced, last year's basketball squad made a reputable showing in defeating Ohio State, Virginia, South Carolina, V. M. I. and other schools of that caliber. With practically all of last season's squad returning, prospects for the coming year look extremely bright.

Maryland's baseball team had a very successful season last spring, winning sixteen games out of twenty-three with victories over Harvard, Cornell, Michigan, Duke, Georgetown and many leading schools of this section. With many of the old men returning the Old Line batsmen should be able to give any opponent a stiff battle in the coming season.

VARSITY BOXING (Coach, Captain Harmony)

Last season Maryland's boxing squad enjoyed unprecedented success. Undefeated in dual match competition, Coach Harmony's men finished second in the Southern Conference Tournament despite several bad breaks. Stewart McCaw and Ivan Nedomatsky won the individual 175 lb, and 135 lb. Conference Titles, respectively.

Lyman McAboy, Terrapin 155 lb. battler, fought his way to the semi-finals, but was forced to forfeit his match because of a broken

hand.

Although several of last year's mainstays have been lost through the graduation process, another successful season is anticipated.

### VARSITY TRACK

(Coach, Geary Eppley)

A second place in the Southern Conference meet, an outstanding performance at the Penn Relays, and five victories in six dual meets were among the accomplishments of Maryland's 1935 track team. Particularly noteworthy was the victory of the relay team at the Penn Relays. In competition with schools of nation-wide prominence the Old Liners led the field home to win the national championship in both the sprint medley relay and the mile class relay.

Although losing several outstanding men of last year's squad, replacements from the freshman team and the further development of existing talent will make Maryland's cinderpath men a powerful group for the coming year.

### VARSITY LACROSSE

(Coach, J. E. Faber)

One of the leaders in lacrosse for many years, Maryland has consistently produced championship teams in this sport. Last year the Black and Gold stickmen were victorious over all but two of their opponents and these two defeats were by one-point margins.

Since last year's squad was composed largely of juniors and sophomores, Maryland's 1936 squad should equal or surpass last season's

record.

### INTRAMURAL SPORTS

Under the direction of Professor C. L. Mackert, Maryland's intramural sports program has expanded rapidly in the past several years. In order that a maximum number of students may participate in 'mural activities a widely diversified schedule of sports is followed.

In the fall of the year touch-football, soccer, tennis, and golf headline the list of activities pursued. When winter comes the intramural scene is shifted indoors and basketball, boxing, wrestling, and volleyball occupy the center of attention. With the first signs of spring the baseball leagues, and tennis and golf tournaments get underway. The annual track meet held in the middle of May is an outstanding feature of the intramural program. Last year over 500 students participated.

Besides the seasonal sports mentioned, year 'round interest is maintained in horseshoes,

ping-pong, swimming and fencing.

As an added feature, extramural competitions are held several times each year between Maryland, Georgetown, and Catholic University.

### WOMEN'S ATHLETIC ASSOCIATION

According to the constitution of the Women's Athletic Association, only its members are eligible for athletic awards. A freshman can obtain her numerals when she has obtained thirty-five points. After her freshman year, any member earning fifty points may receive her letter. A letter winner earning fifty additional points may get her blazer. Such a co-ed, making another fifty points, is awarded a small gold jewelled "M" by the "M" Club. Before either of the last two awards are given, a candidate must be passed upon by the members of the "M" Club and the Executive Council of the Women's Athletic Association.

Hockey, basketball, volleyball, baseball, and soccer are the major sports. Membership on one of these teams counts ten points. Two extra points are given each member of the

winning team.

The minor sports are as follows: Archery, tennis, tennequoits, and ping-pong. Horseback riding is also included in this group, but has

slightly different requirements.

Exams for manager are given two weeks before the sport begins. One woman can be manager or assistant manager of only two sports.

Thy sons and daughters throng thy door,
Maryland! My Maryland!
Maryland! oh Maryland!
Their hearts and hopes they bring to thee,
And place them in thy custody,
Proud hearts that pledge their love for thee:—
They come from mountain, farm and shore
Maryland University!

Go forth, brave youth, throughout the state:
Maryland! My Maryland!
And by your actions, show her great:
Maryland! Our Maryland!
Thy Alma Mater's name and fame.

Oh keep alive her holy flame, Until all hearts as one exclaim, Maryland! My Maryland!

Cheer, three times cheer, and one cheer more For Maryland! Dear Maryland!
Send forth that cry from hill to shore:

Maryland University!
Fair Mother of our brightest dreams,
Blest giver of life's precious things.
To thee each heart its service brings:

Maryland! My Maryland!

Thou wilt not cower in the dust,

Remember Howard's war-like trust,
And all the slumb'rers with the just,
